Parent Message (K-6 Schools)

Dear parent(s) / legal guardians,

By the end of January, your child's report card will be available to view in your MyCBE account. The report card is one of the ways teachers communicate how your child is progressing in their learning. Teachers may also share learning progress through parent/teacher conferences, your child's daily work and assignments, and other ongoing communication with you.

What to Expect in Your Child's Report Card

CBE began implementing the new Alberta Education Curriculum:

- Fall 2022 start:
 - Mathematics (K-3)
 - English Language Arts and Literature (K-3)
 - Physical Education and Wellness (K-6)
- Fall 2023 start:
 - Mathematics (4-6)
 - English Language Arts and Literature (4-6)
 - French Language Arts and Literature (K-3)
 - Science (K-3)

In the new curriculum, some things students learn may be new or may have previously been taught in higher grades. Students could be missing foundational pieces from previous grades, and their report card indicators might not be as high as before. This is expected when there is a new curriculum. It might take more than one school year to build these foundational skills. Even though each grade has its own curriculum, many ideas come up again each year, helping students to build on what they already know and do well.

Teachers continue to make learning interesting and inspiring and are adapting to students' needs during this transition. As always, if you have questions about your child's learning, please reach out to their teacher.

Kindergarten Report Cards

Kindergarten teachers will report progress to parents / legal guardians via January and June report cards.

- In January, progress in English Language Arts and Literature and Math will be communicated to parents / legal guardians via the report card. Other subject areas will be visible online but will be blank (these subjects will not appear on PDF versions).
- In June, progress in all discipline areas will be communicated to parents / legal guardians via the report card.

Sincerely,
Heather Scholz, Principal
